Vital statistics for: \_\_\_\_\_

Sometimes our mates need a little help remembering important numbers... these aren't baseball statistics afterall... so we've developed this little pocket reference guide to help you help him.

Simply cut on the dotted lines, fill in your name and personal measurements then fold it over descreetly (so you're not exposed for the world to see) and give it to your "next of skin."

He'll appreciate it and you'll save a trip to the return counter.
